## Cost

## Start dates

Pick-up games on Sunday, October 16 and Thursday October 20. Regular league games start Sunday, October 23.

**Game times:** Sundays 7 and 8:15, Thursdays at 8:15 and 9:30. Every team plays twice per week.

**Divisions:** There will again be two divisions. Division 1 is for players who are more experienced and/or more assertive. Division 2 is for new players and less assertive or experienced players. Please indicate your preference on the registration form. Both divisions use the same rules. The intent is to provide an atmosphere that suits all players.

**New in 2005-06:** This year all games are at the Canada Winter Games Centre (the Multiplex). We expect some bugs to start, given that it's a brand new facility, but are optimistic that this will be a great facility to play in. Also, as the "field house" we will use there is very large (a third larger than the gym at Yukon College we're told), we will be using it divided into 3, i.e. there will be 3 games (6 teams) playing at once during the early time slots. For the late time slots the plan is to remove one divider at play the 4<sup>th</sup> scheduled game in the remaining small space, and have drop-in play in the large space. We are paying almost \$100/hour for gym time, so games are now scheduled for 60 minutes only. Please try to come on time or you will be playing very short games.

**Email and website only:** League communication is through email and the web. We will also try to make special announcements at games when we can. Players who do not have a regular email address should find themselves an email buddy who will call them to relay information when there is an announcement by email.

## When do I find out what team I am on?

There will be a mass email by Friday October 21 attaching the team lists. If you use Hotmail, this message is likely to automatically go into your junk email folder. Check that folder and tag the sender of the league mail as OK. We will not be phoning players to inform them of teams. We will have team lists available on the website by October 23<sup>rd</sup> though.
