### When do I find out what team I am on?

There will be a mass email by Sunday May 24 attaching the team lists. This will also be posted on the website. We will not be phoning players, so please check your email. Players will get T-shirts on May 25.

### Team Reps

Each team needs a team rep so please volunteer. This position can be shared between more than one person. Team reps will be the liaison between the teams and the executive, and will make sure that the ball bag, first aid kit, etc. make it to the games.

### No, you can't play with every single one of your friends

Only two players can request to be on the same team. If greater numbers of friends are on the same team it creates uneven teams, skills and age-wise. It also means that if all of the friends are off doing something else, the team has no players.

### League Philosophy

Coed is a recreational league made up of players of all skill levels. The league is about fun and helping everyone enjoy the game. This league is **not** for players who want to score lots of goals, or who wish to play a competitive game. If you want to play competitive or fast-paced soccer, we encourage you to look into the other leagues in town: Men's, Women's and/or Over 35s.

### Volunteers always wanted

Please consider volunteering as team rep or to help us organize the league.
